

VASSAR COLLEGE  
OFFICE OF RESIDENTIAL LIFE

February 8, 2015

Margot Mayer  
Sent electronically to [REDACTED]

Dear Margot,

Due to an incident that has come to our attention, we must share the expectation that you avoid having any interactions with Kevin [REDACTED]. Should you--or anyone on your behalf--have any interactions with this individual you will run the risk of being immediately removed from campus until the matter can be addressed through the student conduct system as a violation of the failure to comply regulation.

Please know that this expectation includes anything that might be posted in a public area--such as the internet--in addition to more individualized and private interactions.

You will also be expected to avoid discussing what you believe might be related to the cause of this letter with any other student in order to avoid the appearance of an effort to negatively affect the student who is named above. You are encouraged to speak to a counselor at the Counseling Center if you feel the need to process things with someone.

These expectations will remain in effect until the resolution of the allegations.

Kevin [REDACTED] has received a similar letter with similar expectations.

Sincerely,

[REDACTED]
